"I am proud to endorse Jana Della Rosa because she listens, she's thoughtful, she measures her vote and how it's going to impact people. She has served as a strong conservative voice in Little Rock and has always been willing to work with me and other legislators to find practical solutions. I ask that you re-elect Jana Della Rosa so we can continue to put conservative principles to work for Arkansas."

ASA HUTCHINSON
GOVERNOR

Don't Believe the Attacks...

I know you have received a lot of negative mail attempting to break your trust in my conservative convictions; even going so far as to accuse me of personally running up the national debt or voting for ObamaCare.

None of it is true!

My voting record and endorsements prove that not only am I a consistent, rock-solid conservative, but also that I put the interest of this district first. It would be my honor to serve a 2nd term as your State Representative; to continue to work with the Governor to bring about real, conservative reform to Arkansas.

I would appreciate your vote on March 1st!
